TERMS OF SALE

1. Costly back ordering means time lost in starting crops. Rather than keep you waiting for items that are delayed or are scarce, we will substitute with varieties equally good or better unless you say "No Substitutions."
2. All goods are guaranteed best quality in grades as represented; or can be returned for credit, if you wire us within 5 days of receipt of goods, requesting disposition. No complaints will be entertained after 5 days from receipt of merchandise.
3. All orders are accepted subject to cancellation in case of crop failure and other conditions beyond our control. Prices are FOB S. F. unless otherwise specified. 250 of one variety gets 1000 rate.
4. This price list cancels our previous lists and quotations. On orders for less than \$20.00 a \$2.00 service charge will be made.
5. Regarding freight claims: All stock is carefully packed and we hold "good order" receipt from the Transportation Co. for same. If the stock reaches you in bad condition accept it "in bad order," notify agent and bring claim against the Delivering Co. for damage caused by their negligence.
6. No agent or individual is authorized to make any warranty or representation concerning our products or terms of sale other than listed in this catalog.
7. Packing charges will be made on Plant Material. "Per Each" prices shown are for case lot purchases.
8. Terms: Net 30 days to rated firms. Send 50% deposit if you request COD shipment. Past due accounts will be charged 1% monthly carrying charges plus collection charges. Firms not having charge accounts and in a hurry for merchandise please mail check with order. 2% discount allowed if cash with order.
9. Partial shipments are sometimes made due to crops available at different times and from different areas.

PHOSFON* LIQUID

Chemical height retardant for forced Easter Lilies and Potted Mums.

*Trademark of Virginia-Carolina Chemical Corporation.

New PHOSFON LIQUID retards the height of Ace, Croft and Georgia Easter Lilies and many attractive varieties of long-stemmed Chrysanthemums with no reduction in size or number of blooms. Plants grow short and sturdy with rich, dark-green foliage and full-size blooms. PHOSFON LIQUID is easy to use. Simply dilute in water and apply as a drench to potting soil. Only one treatment is required. Use new PHOSFON LIQUID to produce more beautiful, more compact plants to increase your sales.

RIGID PLASTIC PIPE

P.V.C. (Polyvinyl Chloride)

20 ft. lengths — plain ends

Prepaid 100 pounds or more

Schedule 40 is made with thicker walls than Schedule A and is used instead of iron pipe in header or supply lines. It is the ideal pipe for greenhouses or nurseries that liquid feed through pipe line. Smooth walls give larger water flow.

RED LEAVES that give the real tropical atmosphere. In our opinion it is the up and coming foliage plant. Musa is named after Antonio Musa, physician to Octavius Augustus, first emperor of Rome 63-14 BC. Most varieties of Musas are used for banana crop production in Central and South America. Like sun, but a little shade is satisfactory.

The Fly Catching Plant (Darlingtonia Californica)

Packaged with four-color picture in poly bag.

Per 100	\$.50 ea.
Per 1000	.45 ea.

A strange and unusual insect eater . . . a quality specimen plant, exotic and attractive. Written up in the National Geographic Magazine, May 1961 issue.

It's also known as "The Cobra Lily." Watch it catch its own food on its honey-covered forked tongue . . . truly fascinating. Grows indoors and outdoors, in shady area. Likes plenty of water (and insects, too).
